

MENTORING AT SHEHACKS BOSTON

JAN. 26 - 28, 2018

WHY MENTOR?

Mentoring is an amazing opportunity for individuals of any gender to network with current students aspiring towards technical careers. Mentors have the ability to inspire, teach, and lead students to success while creating lasting professional bonds.

HELP US PROVIDE TECHNICAL AND MORAL SUPPORT.

Mentors will act as a resource for hackers throughout the development process, from brainstorming ideas and problem-solving to presenting their final product at the showcase.

HOW DO I MENTOR?

VIRTUALLY VIA SLACK

Join the SheHacks Boston mentorship channel on Slack at bit.ly/shehacksmentor. The Slack channel will be like SheHacks Boston's very own Stack Overflow!

IN PERSON

Provide one-on-one mentorship to our participants by roaming the venue and responding to hackers' questions.
